A company that connects Japan and China, China and Japan.

We, "HASEI" have bases and staff in major cities of Japan and China, which are Tokyo, Beijing, Shanghai, and Shenzhen. In Japan and China, we help businesses related to intellectual property – valuable information – such as new technologies and ideas, unique designs, accumulated information of skills and sales, know-hows, logos, and product names created in Japan, China, and other countries.

Production

- Strategy planning of intellectual property, build business models
- License management (copyright, patent, utility model right, design right, trademark right, etc.)
- Matching and financing of research and development (robots, drones, AI, etc.)

Regional Development

- Discovery, creation, and matching of local brands
- Planning of city sales and city promotions
- Contents development and industrial development support

Consulting

- Seminars and conferences to support business expansion in Japan or China
- Arrangements of intellectual property professionals
- Arrangements of industry-academic-government cooperation projects

Education

- Training and dispatching of professional staff
- Arrangement of exchange education program between Japan and China
- Arrangement of inspections and training classes

M&A and Financing

- Mediation of M&A
- Arrangements of investment, funding, and financing for appealing contents, business, or developments
- Investments in companies, venture businesses, and real estates
